

# MATHSETTER

*Rose Henderson*

**How does it feel to have earned the title Mathsetter?**

what's kalcoolus?

**Where plan to go to College:**

I'm not completely sure yet, but I would like to study chemical engineering

**Activities Involved in at School:**

senior cheerleading captain, marching band, drumline, choir president, band, MATHLETES, scholastic bowl, speech, spring musical, NHS

**How many times have you laughed in class this year?**

at least once every day except test days

**What is your opinion on technology? Good or Bad?**

good when used with proper morals

**What is your favorite word in the English (or any) language?**

magari (italian word for i wish or if only it were true)

**What is your favorite kind of weather?**

cool but still sunny autumn days

**If you were an alien, what planet do you think you would come from?**

Neptune

**If you could be a super hero, who would it be and why?**

Iron Man, because his main super power is just being a huge nerd, which seems fitting

**Best piece of advice you have heard in school?**

"heart on fire, mind on ice" basically just telling me not to freak out so much

**What is your favorite place to do your homework? Why?**

at my kitchen table, frantically the night or morning right before a quiz or test. It's quite convenient

**What is the most recent search item you have attempted?**

"science behind Disney's scent system"

**What is your favorite joke?**

Q: What do you do with a sick chemist?

A: If you can't helium or curium, then you might as well barium

**Any story you would like to share about one of your classmates?**

one time when we were probably 8, our teacher threw Will a Starburst for correctly answering a math question. unfortunately, Will couldn't catch and it hit him right in the eye. it still makes me laugh

**What is your favorite equation or formula?**

$(x^2+y^2-1)^3 = x^2y^3$  (when graphed it forms a heart)

**What is your favorite song?**

Vienna by Billy Joel

**Person from the past that you would have most liked to meet?**

Marie Curie

**Favorite Movie and/or Book:**

*White Christmas*, and *Stardust* by Neil Gaiman

**What is your favorite gift you have received or given?**

tickets to go see the *White Christmas* musical

**Is there anything else you would like to share?**

your grades don't define you. hearing that sucks and any high schooler reading this probably thinks i don't know what i'm talking about. but i do

**AP Calculus BC - Is it as intimidating as it sounds?**

nope! not when math is fun!

**Favorite Movie and/or Book:**

*White Christmas*, and *Stardust* by Neil Gaiman

**Favorite Fictional Character:**

Honey Lemon from *Big Hero 6*

**What is your favorite time of the day?**

late at night

**What is the most fun you have had in a Math class?**

probably any time I've beaten Will Verplaetse at something

**What is your preferred method of tying your shoes?**

one loop and twist

**If you could choose, which decade would you like to have been born in?**

70's

**Any advice you would give to students who have to have Mr. C for a teacher?**

don't let him yelling one time scare you for over a year. it'll be okay

**Favorite food or place to eat:**

any type of pasta

**What is your LEAST favorite color?**

orange

**What is your favorite hobby, why?**

playing piano, i've been playing for a really long time and it's very calming

**How many times have you dropped your calculator in class?**

0 in class, but three times in the hallway

**Which came first the chicken or the egg?**

chicken

**What is your favorite non-perishable food item?**

cherry suckers

**What is your favorite article of clothing?**

my nca all-american jacket

**Does math come easy to you, or do you have to work at it?**

considering how often Mr. C tells me "you're killing me Rose" because I'm not doing my homework and yet here I am as mathsetter, I'd say math comes pretty easily

**Do you plan to continue with math (directly or indirectly) in college?**

yes

**Do you have a favorite number?**

yes, 22
